BANGALORE.

31st August 1918.

My dear Sir,

I hear the Managing Committee of the Marimallappa's High School, have decided at a meeting held a few days ago, to extend the services of Mr.Venkatakrishnayya till a final reply is received from the District Judge and that ~~they have~~ also made a request to that authority to expedite his decision.

I am informed that some lawyers in Mysore are of opinion that the District Judge has got power to interfere with the management. My letter of yesterday was based on the views of Mr. Humza Hussain and Mr.G. Srinivasa Iyer, Assistant Secretary, Legislative Department. This is a legal matter and we cannot be sure what view will be taken by the Court. I have thought it necessary to send you this information which has reached me to-day and which is somewhat at variance with what I heard yesterday.

Yours sincerely,
M. Krishnaya
